

April 28, 2008

Paramount Energy Operating Corporation (PEOC), an aggressive, growth oriented natural resource company have an immediate opening for a **CONSTRUCTION SUPERINTENDENT** to join our Calgary Office.

Your primary responsibilities will involve managing infield construction activities on facility and pipeline construction and maintenance projects including coordinating pipeline R/W spring clean up. You will be responsible to recruit, evaluate, dispatch and train consultant Facility Construction Supervisors based on forecast workload and key competency requirements. You will ensure facility and pipeline construction follows established company procedures and protocols so projects are completed on schedule with a high degree of design integrity and cost certainty. You will assist in pre-qualifying construction contractors and critical service providers, review Construction Execution Plans and participate in project post appraisals. You will implement improved facility and pipeline construction methods and lead formal facility and pipeline incident investigations. This individual must be able to work cooperatively with both Facility Project Engineers and Operations Foremen to ensure capable and adequate resources are deployed to complete facility and pipeline construction efficiently, safely and in compliance with the regulations.

Your minimum ten years' facility or pipeline infield construction experience in a supervisory or management position combined with a working knowledge of applicable Codes and regulations and supported by a relevant tradesman background make you an ideal candidate. Formal risk management and incident investigation training would be an asset. You possess advanced interpersonal skills, are a self starter and thrive in a fast paced, dynamic work environment.

Interested applicants are invited to submit their resume before May 16, 2008 to:
